

REPORTING MADE EASY

HAVE CUSHMAN & WAKEFIELD SUPPORT YOU THROUGH GRESB

GRESB 2022

CUSHMAN &
WAKEFIELD

TAILORED SUPPORT TO HELP YOU REPORT ON YOUR SUSTAINABILITY PERFORMANCE

Cushman & Wakefield can guide you through the GRESB* reporting period. We can support your data collection, data verification (to ISAE3000) and the submission of your management, performance and/or development data, in order to maximise your GRESB score.

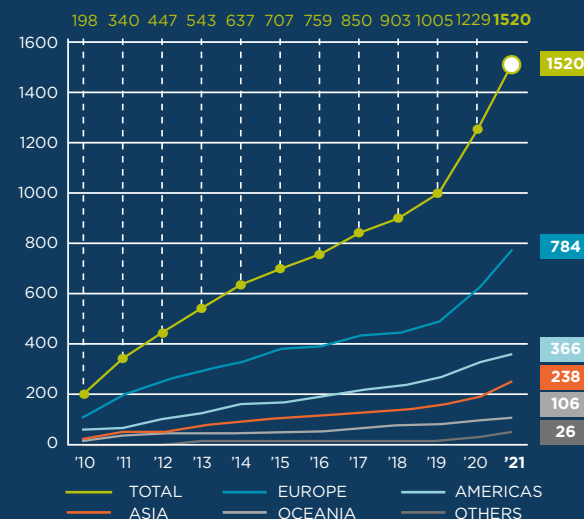

In the lead up and throughout the reporting period, Cushman & Wakefield provides you with bespoke, step by step guidance which prepares you for your submission. We will be by your side every step of the way, to make sure you make the most out of your submission.

*GRESB (Global Real Estate Sustainability Benchmark) is the global ESG benchmark for the real estate market (www.gresb.com)

WHY IS THIS IMPORTANT?

GRESB is recognised by investors as a key tool for identifying sustainably managed and good performing portfolios.

Number of real estate portfolios reporting to GRESB

Participation in GRESB grew by 24% in 2021, and 22% in 2020, demonstrating the increasing demand from investors for comparable ESG data.

CUSHMAN & WAKEFIELD'S GRESB APPROACH

01 PREPARE

- Assess the availability and quality of the performance data
- Prepare the answers and the evidence for all the GRESB questions

02 REVIEW

- Verify performance data (aligned with ISAE3000)
- Finalise all answers
- Oversee a Response Check if required

03 FINALISE

- Support the submission to the GRESB Online Portal
- Provide support if necessary during the preliminary launch of results in the review period

1 January

Start the data performance and process review

1 April

GRESB Portal opens

1 June

Response Check deadline

1 July

Submission deadline

1 September

Publication of preliminary results and start of the review period

1 October
