### MARGINAL UPTICK IN LAUNCHES IN Q3 2024

In Q3 2024, Mumbai recorded 18,313 of unit launches, reflecting a 5% increase QoQ and a 3% YoY growth. However, YTD launches reached 55,288 units, marking a slight 2% dip compared to the same period last year. This highlights some constraints on the market's overall recovery, though with the upcoming festive season, supply is expected to rise in the short term.

At the sub-market level, Navi Mumbai led the way, contributing 20% of total launches, with Panvel emerging as a key hotspot. The Eastern suburbs accounted for 19%, driven by increased activity in Mulund and Bhandup. The Western suburbs also contributed 19%, with Andheri East and Goregaon West solidifying their positions as important locations for new launches.

### MID-SEGMENT DOMINATES NEW LAUNCHES

In Q3 2024, the Mid-segment dominated Mumbai's residential market, accounting for 47% of all new launches. Thane emerged as the most preferred location, contributing 35% of new launches in this category. Navi Mumbai followed closely, making up 24% of mid-segment launches, largely due to pent-up activity in Panvel. The Western suburbs contributed 22%, with Andheri East standing out as a key hotspot for mid-end properties.

### RENTALS STEADY, CAPITAL VALUES UP

City-wide average rental values have remained range-bound QoQ while increasing by up to 6% YoY, particularly in the suburbs. Average city-wide capital values have increased by up to 12% YoY, with the South, Suburbs, Thane and Navi Mumbai emerging as major contributors to this growth.

The upcoming Metro 3 Phase I, connecting Aarey Colony to Bandra Kurla Complex (BKC), is set to open in October. Phase II, which extends the service to central Mumbai and the island city, is expected to further boost capital values in parts of South Central and Western Suburbs.
