THAILAND'S ECONOMIC EXPANSION CONTINUES

Thailand's economy expanded at 3.0% in Q3 2024, up from 2.3% in Q2 2024. The growth was mainly attributable to expansion in public investment and government consumption. Goods and services exports continued to demonstrate favorable growth, fueled by rising demand for Thai products in international markets. For the full-year 2024 the economy is now projected to expand in the range of 2.3% to 3.3%. The inflation rate in Q3 2024 was at 0.6% y-o-y, down from 0.78% y-o-y in Q2. The Thailand Central Bank maintained the key interest rate at 2.25% in December 2024, following a 0.25 percentage points reduction in October. The unemployment rate dropped to 1.02% in Q3 2024, from 1.07% recorded in Q2.

SILPS, WAREHOUSE AND FACTORY INVENTORY EXPANDS

A total of 2,968 rai of new Serviced Industrial Land Plots (SILPs) completions entered the Thailand market in Q4 2024, taking total SILPs inventory to 219,388 rai. The SILPs vacancy rate increased to 9.25% in Q4 2024 from 8.82% in Q3. The average land price level increased to THB7.6 million per rai in Q4, up from THB7.2 million per rai in Q3. Ahead, new supply of 17,796 rai is under construction.

Total Ready Built Factory (RBFs) inventory in Q4 2024 expanded to 3.42 million sq m, increasing by 5.95% q-o-q. Overall RBFs vacancy fell to 16.5% in Q4 2024, from 15.8% in Q3. Total Ready Built Warehouse (RBWs) supply expanded to 5.99 million sq m in Q4 2024, up from 5.67 million sq m in Q3. The overall RBWs vacancy rate increased to 21.4% in Q4 2024, from 20.9% in Q3.

WAREHOUSE AND FACTORY AVERAGE RENTS INCREASE

The average RBFs monthly asking rent increased to THB192 per sq m in Q4 2024, up from THB190 in Q3. The average asking rent for RBWs in the quarter also rose, to THB155 per sq m per month in Q4, up from THB154 in Q3. Sluggish demand experienced during the COVID period exerted sustained downwards pressure on rents, but demand has now seen continued expansion from Q1 2023, while rents remain at below the pre-COVID level. We expect rents to again increase through 2025, but to still remain at less than 2019 levels.
