Portman Industrial is a division of Portman Holdings focused on the development of logistics real estate while providing solutions for our clients, value creation for our investors and partnering with our neighbors and the communities in which we invest.

Today, Portman Industrial leverages the Portman development platform; further diversifying Portman's portfolio of over \$1B in owned assets and its pipeline of properties currently under development in over 12 key markets across the U.S.

We focus on development for modern logistics.

Portman Industrial's primary focus is the development of modern logistics facilities in core markets serving the U.S. supply chain. The company will control well-located sites and develop speculative, build-to-suit, and COLD logistics facilities serving the following markets:

- **Regional, multi-market logistics facilities** in key transportation corridors serving major population centers
- **Port-centric developments** with a focus on gateway markets and strategic inland intermodals in key freight lanes serving the U.S. supply chain
- **E-Commerce centers** including regional, metro and last-mile facilities critical to the commerce ecosystem of our clients
- **Portman COLD temperature-controlled facilities** for national food and beverage clients; including public warehouses and built-to-suit facilities
